Electrical permits with a fee of \$250 or less expire 12 months from the issue date. The installer must have the work completed within the 12 month period or obtain another electrical permit that includes the fees for the uncompleted work. Inspection fees do not carry over from an expired permit to a new permit.

Please contact the Contract Electrical Inspector for the City of Cambridge Eugene "Gene" Boyle at 763-389-0397 with any questions. Thank you.
