

Greetings!

Are you interested in serving as an election judge for the City of Cambridge?

Being an election judge does require in-person training held through Isanti County. Election judges are compensated for their training time and hours worked as a judge for the City. More information on available training times will be sent out once the County has opened their training schedule.

Please return the form below and I will be in touch with schedules as the election day draws near. Do not hesitate to reach out if you have any questions.

Thank you for your interest in serving!

Monica Seiberlich

763-552-3206
